We have audited the accompanying Statement of Receipts and Disbursements and the Changes in Cash Balance of Magisterial District Court #31-3-02 for the years ended December 31, 2006 and 2007 as listed in the Table of Contents. The financial statements are the responsibility of Magisterial District Court #31-3-02's management. Our responsibility is to express an opinion on the Statement of Receipts and Disbursements and the Changes in Cash Balance based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Also, as discussed in Note 1, the financial statements present only the Magisterial District Court #31-3-02 financial activity and does not purport to, and does not, present fairly the assets, liabilities, and results of operations of the County of Lehigh for the years ended December 31, 2006 and 2007 in conformity with the cash receipts and disbursements basis of accounting.

In our opinion, the Statement of Receipts and Disbursements and Changes in Cash Balance referred to above presents fairly, in all material respects, the financial activity arising from cash transactions of the Magisterial District Court #31-3-02 for the years ended December 31, 2006 and 2007, on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 8, 2008 on our consideration of Magisterial District Court #31-3-02's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

We have audited the financial statements of Magisterial District Court #31-3-02 for the years ended December 31, 2006 and 2007 and have issued our report thereon dated April 8, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In planning and performing our audit, we considered Magisterial District Court #31-3-02's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the Statement of Receipts and Disbursements and the Changes in Cash Balance, but not for the purpose of expressing an opinion on the effectiveness of the Magisterial District Court #31-3-02's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Magisterial District Court #31-3-02's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Magisterial District Court #31-3-02's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Magisterial District Court #31-3-02's financial statements that is more than inconsequential will not be prevented or detected by the Magisterial District Court #31-3-02's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Magisterial District Court #31-3-02's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

As part of obtaining reasonable assurance about whether the Magisterial District Court #31-3-02's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and other affected county offices and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
