COUNTY OF LEHIGH, PENNSYLVANIA  
IMPREST FUNDS ADVANCED BY THE OFFICE OF FISCAL AFFAIRS

*Background*

Numerous County of Lehigh offices require change and petty cash funds in order to conduct operations. These funds are known as “imprest funds” and are tracked as an asset on the County of Lehigh books and accounts. In addition, several offices purchase, store and distribute cash equivalents (e.g., bus passes, gift cards, etc.) in support of their mission. We have included cash equivalents as part of this audit. The Office of Fiscal Affairs’ management has overall responsibility for county-wide cash imprest funds.

To ensure funds are intact and adequately secured the Controller’s Office conducts unannounced counts at offices holding imprest funds. Count results are communicated with the individual offices.

During calendar year 2022 separate unannounced cash and cash equivalent counts were conducted at:

### **Compliance**

We have audited the Office of Fiscal Affairs management's compliance with the County of Lehigh Home Rule Charter and the Administrative Code (as amended) requirements for imprest funds advanced during calendar year 2022. Compliance with the requirements referred to above is the responsibility of the Office of Fiscal Affairs' management. Our responsibility is to express an opinion on the Office of Fiscal Affairs management's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the generally accepted government auditing standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on imprest fund activity. An audit includes examining, on a test basis, evidence about the Office of Fiscal Affairs management's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Office of Fiscal Affairs management's compliance with those requirements.

In our opinion, the Office of Fiscal Affairs' management complied, in all material respects, with the compliance requirements referred to above that are applicable to imprest fund activity for the calendar year 2022.

### **Internal Control Over Compliance**

Management of the Office of Fiscal Affairs is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the Office of Fiscal Affairs management's internal control over compliance to determine the auditing procedures for the purposes of expressing an opinion on compliance, but not for the purposes of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Office of Fiscal Affairs management's internal control over compliance.

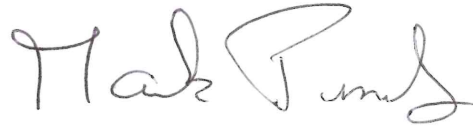

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency or combination of deficiencies in internal control over compliance, such that there is reasonable possibility that a material noncompliance with a compliance requirement will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies or material weaknesses in internal control over compliance. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

**Management’s Response to the Audit**

If provided, the Office of Fiscal Affairs management’s response to our audit is included in this report. We did not audit the Office of Fiscal Affairs management’s response and, accordingly, we do not express an opinion on it.

This report is intended solely for the information and use of management; Phillips Armstrong, County Executive; Edward Hozza, County Administrator; Board of Commissioners; and others within the county and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
