<b>Total Lehigh County Residents</b>	<b>854</b>

The average age of these 854 residents was 79.7 years old. 49.9% of the residents were male and 50.1% were female. This data includes test confirmed positive cases and presumed positive cases, as determined by the medical certifier. 96% of these deaths were confirmed positive by testing (821) and 4% fall in to the presumed positive category (33). 56% of these decedents were residents of long term care facilities in Lehigh County.

The following graph summarizes the weekly updates since last April.

In addition to the 854 Lehigh County residents that have died of COVID-19, an additional 546 deaths of non-Lehigh County residents have occurred within Lehigh County healthcare facilities. The following graph illustrates that breakdown.

The staff of the Lehigh County Coroner’s Office continues to serve the residents of Lehigh County 24 hours a day, 7 days a week throughout this pandemic. Our staff continues to investigate deaths of those individuals who die within the County and serve their families.

We wish our most sincere condolences to the families affected as well thoughts of strength and healing to our entire Lehigh County community.

Respectfully,

Eric D. Minnich, D-ABMDI
