<i>Total Lehigh County Residents</i>	865

The average age of these 865 residents was 79.5 years old. 50.2% of the residents were male and 49.8% were female. This data includes test confirmed positive cases and presumed positive cases, as determined by the medical certifier. 96% of these deaths were confirmed positive by testing (832) and 4% fall in to the presumed positive category (33). 55% of these decedents were residents of long term care facilities in Lehigh County.

The following graph summarizes the weekly updates since last April.

In addition to the 865 Lehigh County residents that have died of COVID-19, an additional 567 deaths of non-Lehigh County residents have occurred within Lehigh County healthcare facilities. The following graph illustrates that breakdown.

The staff of the Lehigh County Coroner’s Office continues to serve the residents of Lehigh County 24 hours a day, 7 days a week throughout this pandemic. Our staff continues to investigate deaths of those individuals who die within the County and serve their families.

We wish our most sincere condolences to the families affected as well thoughts of strength and healing to our entire Lehigh County community.

Respectfully,

Eric D. Minnich, D-ABMDI
